

MÁTÉ DORT

Marietta, GA | 404 952 5557 | matedort1@gmail.com | matedort.com | LinkedIn: [Máté Dort](#) |
github: [MateDort](#)

EDUCATION

B.S. in Computer Information Systems — [Life University](#) (Oct 2023 – Mar 2026)

GPA: 3.52 | Dean's List (2024 Spring, 2025 Winter, 2025 Spring, 2025 Fall)

Work Experience

StudynSport – Automation Consultant (Present)

- Consulted and worked out automations for the sport agency
- Automation tools: Zappier, n8n

PROJECTS

TAPMATE AI GLASSES + App (Patent Pending)— Founder (2025 May–Present)

- Worked out a solution with Live Vision models and GUI agents for Visually impaired people
- Conducted user research in the blind community with a google form and interviewed a blind youtuber.
- Conducted 3 blindfold tests where I blindfolded myself for 3 hours and tried to do everyday tasks like eating and walking around campus.
- Now working on the software for the app and the glasses design

NAGYIAI — UX Researcher & Developer (2025 Summer - Present)

- Creating an AI companion designed for elderly people
- Researched how elderly people use AI tools and found that current AI chats are overly complicated for the elderly.
- Designed an interface and user flow that is much easier the elderly and added features like caregiver panel where the family members can see insights to their parents/grandparents.
